**Off-Campus Activities Acknowledgement Form  
Bridge City High School**

Dear Students and Parents:

In any school, it is necessary that rules and regulations be established for the safety and well-being of all. As parents and students of this school, you should be aware that the school's authority extends to activities that occur off-campus. When students participate in off-campus activities, the expectations and consequences that are set forth by the Bridge City High School Student Handbook, specific participating organization handbook or constitution, and other guidelines established by the sponsors, are in effect. If these expectations are followed, the student's participation on off-campus activities can be a productive and positive experience. If students fail to follow the standards of conduct, they will be punished according to the guidelines established by the aforementioned handbooks and sponsors. Furthermore, if school officials have reasonable suspicion that a student is in possession of articles or materials that are forbidden by the District, the sponsor will conduct a search of the student and his or her property.

If we all understand the expectations, and if we cooperate in the process, these activities can be a positive experience for all. We hope this letter will answer any questions about the expectations for off-campus activities. If you should desire further clarification, call the assistant principal at 735-1501.

---

(cut at above line and return bottom portion to sponsor)

We acknowledge that we have read and agree to adhere to the expectations and consequences stated in the letter above.
